The goal of this project

is to help everyone remember to thank Hashem properly for all the good Hashem constantly does for us, and to get into the habit of making Brochos carefully, loudly and clearly. Participants ages 3 - 120 are welcome!

Every participant will get a Brochos card. The object is to fill in all the circles.

Brochos cards can be obtained:

- At pickup addresses below;
- By sending a self-addressed stamped envelope (U.S. stamps) to Contest address; If you like to receive the plastic pouch (pictured below) to keep the cards in (one per participant), or the list of rules and regulations, please note it on the envelope.

Yeshivos and schools are welcome to participate.

All participants will be printed in Hamodia.

Make your Brochos Loud and Clear

The Chofetz Chaim told a bachur to be careful always to say brochos with kavanah. In this zechus he would be saved from all tzaros. He grew up to be Rav Bakst, Rosh Yeshiva in Detroit. He said, "I went through many dangers in Russia, Japan, and China during the war. I was saved miraculously again and again, in the zechus of the Chofetz Chaim's advice, which I look to hear."
