

It is critical that the Shel Rosh be placed properly. The proper location is with the lower part **not below** the line where the hair begins to (or used to) grow.

**If they are lower than that, one does not fulfill the mitzvah of tefilin**

**Correct**

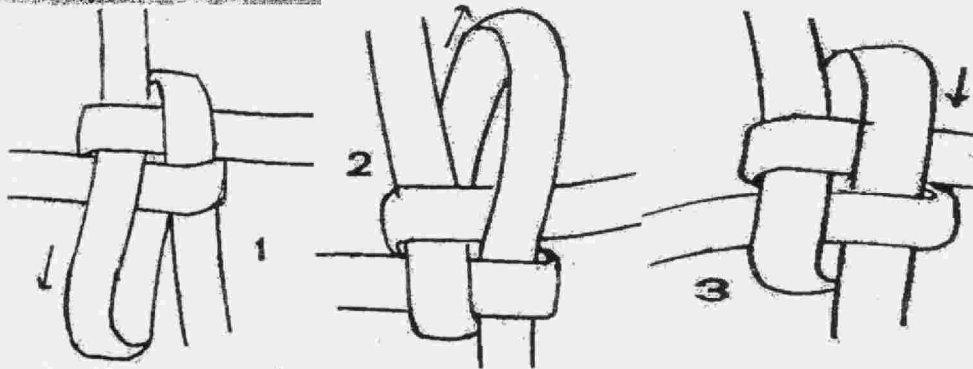

**Incorrect**

The reverse of this card contains instructions for adjusting the size of the Shel Rosh. If you are hesitant to adjust them yourself, ask a sofer or other expert to help, but be sure that the size is right for correct placement.

For additional copies of this card, or to request a card with the other kosher, please call 718 375 9657

לע"נ האשה שרה עטל בת ר' חיים ע"ה  
ולע"נ האשה לאה בת ר' ילמן ע"ה

**To make your Shel Rosh smaller:**

Say: לשם קדושת תפלין

1. Pull the strap marked with the arrow down, making the head-loop smaller.
2. Close the loop you just made under the knot by pulling up from behind (direction of arrow)
3. Close the second loop, made in step 2, by pulling down on the free-hanging part of the strap.
4. Keshet is complete.
