### Child's Winter Coat

Scraps of linen were found in the interlinings of the **Minnetto (Canada)** Children's Winter Coats (Shown in the picture above) Content label lists: 75% Wool 25% Nylon, Lot # 337, Model # 833JA, CA# 03609.

The Lakewood Shatnez Laboratory just came across one of these coats. It was a "hand me down," not a new coat. It may be that some consumers have purchased these coats and may not have tested them for Shatnez.
