Toggle Button Cords

The cord of the toggle buttons on the **C.P. Company** children's coat shown in the pictures above is 100% linen. The coat was made in Italy. Its contents label lists 80% Wool 20% Polyamide.

This coat was purchased at **Pitti Bimi**, a children's store in Deal, New Jersey. The store was immediately alerted. Unfortunately, the store refused to let the customers return the coats because they were sold at a reduced price in a final sale.

The above finding surprised the Deal Shatnez Laboratory. The coat was sold throughout the Fall and Winter and not one of them was brought in or reported to contain shatnez by another shatnez laboratory.
